*Website banner

The screenshot shows the IAHR website banner with the following elements:

- IAHR AIRH Logo:** International Association for Hydro-Environment Engineering and Research. Supported by Spain Water and IWHR, China.
- IAHR Description:** IAHR, founded in 1935, is a worldwide independent member-based organisation of engineers and water specialists working in fields related to the hydro-environmental sciences and their practical application. Activities range from river and maritime hydraulics to water resources development and eco-hydraulics, through to ice engineering, hydroinformatics, and hydraulic machinery.
- Navigation Menu:** About IAHR, Directory, Committees, My IAHR, NewsWeb, eLibrary, eShop, Events, Join IAHR, World Congress.
- 20th CONGRESS of the IAHR APD DIVISION:** 29 - 31 August 2016, COLOMBO, SRI LANKA. www.iahrapd2016.info
- Hydrolink Magazine:** 23/12/2015 - Latest issue of Hydrolink on Africa is now published! Check the open access article Sustainable Development Goals: An Opportunity For Clean Water Access For All In Africa by Seleshi B. Awulachew and other interesting articles.
- Journal of Applied Water Engineering and Research**
- Journal of Hydraulic Research**
- Journal of River Basin Management**
- Institute Members**
- Awards**
- Jobs and Grants**
- e-Library**
- EVENTS:**
 - 18 January 2016 - 29 January 2016: Advanced numerical methods for free surface hydrodynamics
 - 25 January 2016 - 29 January 2016: GranularFlows2016 - Winter School
 - 26 January 2016: Nuevas tecnologías de la información aplicadas al agua, energía y medio ambiente
 - 01 February 2016 - 12 February 2016: Winter School on numerical methods: Part I, Hyperbolic Equations and Applications
 - 03 February 2016 - 05 February 2016: 2016 National Conference on Beach Preservation Technology
- Facebook:** FIND US ON Facebook. IAHR Young Researchers Group, IAHR Page.
- Log On:** Prince Sultan Bin Abdulaziz International Prize for Water Recognizing Innovation 7th Award - Nominations open until 31 December 2015.
